Assessor Comments	DJ & FE Damm offer 12 angus weaner heifers. Heifers present in forward store condition and with a great deal of length and frame. With Merridale and Llandarlo blood these weaners have a great deal of breeding behind them. Heifers that are getting very close to joining weight and would be a perfect addition to existing or create a new female herd, heifers would also suit a grass or supplementary feed program. Tail removed.
