Assessor Comments	This particular herd of Brangus cows will impress any purchaser with A grade temperament and quality breeding lines to back them. This years weaners taken off were sent to Sarina Battle of the breeds show sale and were met with strong demand from buyers. The calves displayed good bone and ideal market suitability to any trade. A fair majority of these cows are in their later term of pregnancy and will have calves at foot in near future. These females are a reluctant sale by the vendor as he is going into registered cattle moving forward. A great opportunity to buy a going breeding herd that have A1 genetics. If there are any further queries please don't hesitate to call.
