Assessor Comments	Offering 3 decks – 76 #3 heifers VET PTIC to Bull Creek and Diamond H Santa Gertrudis bulls. This is a well-bred line made up of vendor-bred Santa and Santa-cross heifers, including a run of Malboona-bred Droughtmaster heifers, along with other locally-bred quality females. These heifers have been PTIC from P1 to P7, with an expected calving spread from September to April. The breakdown is: P1 2hd, P2 10hd, P3 8hd, P4 10hd, P5 15hd, P6 14hd, P7 17hd. Only offered due to a change in enterprise direction, this is a genuine dispersal of young breeder cattle. The heifers conceived through a tough drought period and are now powering ahead since returning from agistment – a strong reflection of their constitution and breeding potential.
