	These cows have been handled regularly and flowed well through the yards. The calves were split from the cows for a few hours during the assessment. This didn't stress the cows and they all remained calm. A few cows didn't enjoy being mouthed but settled quickly once through the draft.

Assessor Comments	On offer is an outstanding line of young NSM Angus Cows with calves at foot. These cows are 4 & 5-year-old with their 2nd & 3rd CAF. Cows have not been rejoined to the bulls. They are medium to large frame, in forward store condition and doing a fantastic job on their calves. These Te Mania Blood females are all one-line purchased from Wando Estate & Ardgarten in Victoria. Their calves are fresh and full of milk. There are significantly more bull calves than heifers which carry a reputation of being top performers in the feedlot. All calves were weighed and averaged 130kg, they have been vaccinated but not marked. Opportunity presents with these young cows as they enter the most productive years of their lives.
