Notable Traits	Traits 3 Head White Udder
Assessor Comments	Nice line of PTIC Angus second calving cows. These girls have done it tough on their first calf but have still weaned a very good calf, all while growing into medium frame cows. With a lot of their life in front of them these young cows are certain to be solid breeders for the purchaser in the future. Solid females displaying good bone, length and constitution. Joined to a LBW Broomfield Angus Bull to start calving late August. Great start up line of females or a worthy addition to any breeding herd.
