Assessor Comments

These are the full drop of a top quality line of outstanding heifers bred from 650kg + breeders. They are mostly by Millah Murrah's most famous sire in Parratrooper P15 (estimated by previous vet at 65%). Vendor has now AI'd these heifers to Texas THUNDERSTRUCK T383 who was purchased for an Australian record price of \$360,000. You won't find better genetics. Vet stated 83% are very close to calving indicating a very successful AI programme. They are being offered in 2 Lots of 55 Head as a run out the gate. The mop up bulls for these heifers and the coming calf drop are Auction grade top quality bulls purchased to \$55000.
