Assessor Comments	Offering a nice line of depastured F1 Hereford & Angus Friesian X cows with 4th Black Limousin calves at foot. Typical for breed, cows present in store condition, are moderate frame and are doing a terrific job of their calves. Calves are in generally fresh condition, show plenty of shape and are sired by a top quality Mandayen Black Limousin sire and show every sign that they will hit quality milk vealer markets if given the opportunity. Cows have been running with the same Mandayen Black Limousin bull since the 2nd of May before being replaced with a Pelican Rise Apricot Limousin a month later, which was removed day of assessment. Genuine sale of F1 breeders and quality calves and rejoined.
