Assessor Comments	On offer is 13 PTIC Angus cows presenting in store condition, offered to market due to persistent & continuing tight seasonal conditions. The Triple R operation has used AI sires extensively over the last 11 years with this group sired by Bruns Blaster, Black Onyx & Mogck Entice. The herd is typically moderate framed and 12 head have been PTIC to AI sire Myer Fair-N-Square M39 to calve tightly from August 18, with 1 head naturally mated and due in October (note, vendor happy to remove late cow at purchaser's discretion). Well bred young PTIC Angus cows, with excellent temperament, a terrific chance to acquire core herd breeding cows. (NOTE: vendor offers 42 PTIC cows and heifers over 4 lots in this sale).
