Assessor Comments	Buyers a good line of well bred Santa Heifers. These Heifers were purchased earlier in the year and were then put on the road at Blackall and were walked to Mitchell and were then trucked to home. These Heifers show very good breed characteristics and would make exceptional Cows and would be an asset to any breeding operation. Heifers show true to types with good softness and nice feminine heads. Please note the vendor has another 71 PTIC Heifers same mark in the same sale.
