Assessor Comments	Buyers a good opportunity to secure a 4 deck line of good quality PTIC crossbred Cows, mostly young to medium aged with all in a tight 2month pregnancy window to be early spring calvers .These Cows have shown their resilience and fertility by raring a good weaner and getting straight back in calf all cows had weaners removed in either March or early this week and they have freshened up considerably since and will continue to do so on good feed. The majority of cows in this mob show the quality and fertility to be an asset to most breeding herds and have the added bonus of being in calf to Good Quality Fairveiw black Simmental and NB genetics Angus Bulls to produce highly sought after soft British cross progeny .Please note 2 cows with old blight scarring in 1 eye and a couple have old fly rub marks. Vendor has 4 decks similar cows this sale
