Assessor Comments	Buyers, on offer is a small line of quality Angus, Angus Cross, and Angus Hereford Cross first-calf heifers. These heifers are showing impressive frame for their age and have the potential to grow into large-framed cows with their entire breeding lives ahead of them. They have been vet preg-tested in calf, joined within a tight 6–8 months window to top-quality Glenavon, Graneta, and U8J bulls, specifically selected for their low birthweight traits. Please note, one heifer has a pop eye (as seen in photos), and one heifer is missing an eye. This vendor also has another lot in this sale.
