Temperament

Quiet: 35 head Slightly Stirry: 7 head	Quiet: 35 head Slightly Stirry: 7 head	Temperament not assessed in Paddock

Cows went through the yards well, some were unsettled while being pregtested and mouthed.

Handled With	Dogs , Horses
Assessor Comments	2 Decks of Good Quality mainly Droughtmaster type cows. They were good to handle through the yards and are good frame to fatten down the track. Most are well on their way to calving and would present an opportunity to calve out and split. They are in calf to good quality bulls and their progeny would suit a wide variety of feeder markets.
