Assessor Comments	A terrific line of EU-accredited Angus heifers, bred from a herd with over 30 years of focused Angus genetics. The vendor places strong emphasis on high IMF and growth, consistently buying bulls with top-end genetics to drive herd performance. These heifers are well-grown, quiet, and present a great opportunity to add high-performance bloodlines to your herd. Heifers were joined to Renny lea & Lawsons Angus bulls Heifers were preg tested in calf in the vet's opinion they are 5 to 11 weeks in calf 4 Heifers have old pink eye scaring in an eye but doesn't appear to be affecting their eye sight in any way. 4 Heifers have a little white on their udder. There is another 37 Heifers in the same sale they will be delivered as a run out the gate
