Assessor Comments They are a very good line of feeder Santa and Santa cross EU ACCREDITED steers that would suit any feedlot or grass finisher. Steers were all mouthed at assessment and there is only one steer that has just cut and displays a single tooth. These present in store condition and will offer any fattener plenty of compensatory weight gains. Past buyers of these cattle have commented that they really do perform very well on grass or grain. The vendors have also had success in carcass competitions recently winning the CQ Carcass Competition Grass Fed Champion, Teys Grasslands Champion and highest Lean Meat Yield Champion.
