Heifers are very good to handle in the round yard and race when assessing. They worked well up the race and crush with the very odd heifer wanting to push forward on to the lead heifer when in the race. Mustered with ATV or bikes. NO HORSES or DOGS used on these cattle.

Handled With Bikes

Assessor Comments 20 NSM Feeder heifers that would normally be retained as breeders. These heifers would be ideal to finish on crop or pasture for the Grass fed market. The majority of these heifers would be by ONWARD or TINTARA Murray Grey bulls sourced from the Top of the Range Murray Grey sale held in Glenn Innis 2021. They are out of medium to large framed cows by TEMANA & CALOONA Charolais Bulls out of a Silver Murray Grey herd that originated from Mount View Murray Grey Stud at Bendemeer. Introduction of silver bulls sourced annually from WALLAWONG & MUNDALOLA Murray Grey studs were used to focus on temperament, frame & carcase traits for cattle that are naturally easy doing to target either weaner sales or feeder weights. These heifers are standing on good bone and should finish into quality heifers with plenty of shape for the kill markets or back to the paddock as breeders if the purchaser chooses.
