Assessor Comments	Proper quality line of pure Angus X Angus Milwillah blood NSM heifers. These young future era will suit a number of pursuits, while they fit most domestic feed yard specs and will very much suit the grain bin they also carry enough quality and characteristics of the breed to excel as future breeders in any astute Angus herd. Mouthed the heaviest of these heifers and all solid milk teeth. There's the odd heifer with some white on underline or udder but absolutely well within the breed standards and only small markings. Genuine breeders heifers! Buy with confidence! 2 lots available in this sale, 77 Spring 2024 drop heifers also available that may suit for freight accumulation.
