Assessor Comments	A nice run of EU Angus steers with all the hard work done bringing them through a tough Autumn / winter. They are shinny in the coats and will respond quickly on feed and will grow out nicely to heavy feeders or onto kill weights. Quiet and well handled, and by Dunoon and Glenruben bulls. Weight range - 252kg - 327kg to average 280kg full at assessment. note - some steers are showing signs of old ringworm which the hair is now starting to grow through. NOTE - one steer has more hair loss around his eyes , but is now starting to clear up - refer to photos and videos.
