These heifers are well educated and easy to handle, being trained with both dogs and horses. The odd heifer would become slightly agitated while being on the scales, due to not experiencing this process before. The heifers easily walked up from the back yard into race with no issues, however the odd heifer would become anxious while pressure was put on her.

Assessor Comments

An opportunity to secure an exceptional line of heifers to take on as future breeders, carrying the well renowned Te Mania & Ardrossan blood. This is an excellent opportunity to obtain some of the Chumpot Pastoral rich core genetics. Chumpot Pastoral runs an extensive A.I program, securing top shelf straws with the goal of overall core-breeder improvement, using straws such as Poss Rawhide, Poss Winchester & Murdeduke Pheasantry backing up with Te Mania and Table top bulls, to produce this article. These females are only being offered for sale due to tightening paddock space after some others have returned home from agistment. Otherwise these outstanding females would be retained to go straight in the A.I program, to be kept as breeders.
