Assessor Comments	These heifers have good weight for their age, they are on the move foward & will continue to do well in most environments. Please note 23 heifers are already speyed so the hard work has been done. They are the perfect heifers to buy and get plenty of compensatory gain, coming off the coastal & ticky country, these heifers would suit the flat back feeder markets or I believe they would make good jap heifers. Please note these heifers aren't pre treated so if you are buying them into the clean please note it will be at the buyers expense. Please note vendor has 3 other lots in this sale.
