	These cattle were good to handle through the yards and flowed through very well, the odd steer stirred up in the crush but when returned to the mob was fine.			
Handled With	Bikes , Dogs , On foot			
Assessor Comments	These steers have good weight for their age, they are on the move foward & will continue to do well in most environments. They are the perfect steers to buy and get plenty of compensatory gain, coming off the coastal & ticky country, these steers would suit the flat back feeder markets or I believe they would make good bullocks. Please note these steers aren't pre treated so if you are buying them into the clean please note it will be at the buyers expense. Please note vendor has 3 other lots in this sale.
