	These heifers being weaned early have been well handled & were a pleasure to work with only an odd heifer stirring up			
Handled With	Bikes , Dogs , On foot			
Assessor Comments	Buyers please find a coastal line of weaned heifers that were weaned early due to the cows being sold as PTIC as the vendor is changing his operation from breeding to backgrounding. They have had ample handling & were a pleasure to work through the yards. I believe with good feed in front of these heifers you would have no trouble in getting them to feeder weight with all of them being suitable for the flat back markets. Please see their older sisters in this sale to see what they grow into.
