Handled With	The steers were a pleasure to handle through the yards as being weaned early they have had plenty of handling Bikes , Dogs , On foot		
Assessor Comments	Buyers please find a coastal line of weaned steers that were weaned early due to the cows being sold as PTIC as the vendor is changing his operation from breeding to backgrounding. They have had ample handling & were a pleasure to work through the yards. I believe with good feed in front of these steers you would have no trouble in getting them to feeder weight with all of them being suitable for the flat back markets. Please see their older brothers in this sale to see what they grow into.
