These steers flowed through the yards well and were easy to handle in parts of the yards and crush, i would advise purchaser to allow plenty of time for these steers to settle in their new environment. Vendor did note that these steers are handled with horses and dogs and have had plenty of handling in and out of yards.

Assessor Comments	Buyers here is an opportunity to purchase 34 very good quality Angus steers that present in forward store condition. These steers are powering ahead on the feed in front of them and would expect that they will continue to perform for the new buyer. These steers would ideally suit backgrounders looking for Angus steers to background for the Angus feeder market. A tremendous line of steers not to be missed.
