These heifers flowed through the yards well and were easy to handle in parts of the yards and crush, i would advise purchaser to allow plenty of time for these steers to settle in their new environment. Vendor did note that these heifers are handled with horses and dogs and have had plenty of handling in and out of yards.

Assessor Comments	Buyers here is an opportunity to purchase 20 very good quality Angus heifers that present in forward store condition. These heifers are powering ahead on the feed in front of them and would expect that they will continue to perform for the new buyer. These heifers would ideally suit breeders looking for heifers to put away as future breeders or would suit backgrounders looking for Angus heifers to background for the Angus feeder market.
