To start the Heifers were uneasy in the yards wanting to move away from the assessor but settled nicely to stand around after a short period of time, no malice shown, great cattle to work through the race and crush at assessment, feeding themselves through with very little encouragement.

Assessor Comments 50 Vendor Bred, Good Quality Angus NSM Heifers being sold as they are surplus to requirements. Heifers ae all Speriby North Bloodlines and not carrying any excess condition following winter and a very wet paddock. All heifers were mouthed with 37 showing milk teeth and 13 with 1 or 2 teeth. Heifers weighed 240kg to 409kg to average 305kg with an estimated delivery weight of 292.8kg. Good line of 1 brand quality Angus Heifers with great bloodlines behind them and a known doing ability and should move forward if given the opportunity of better feed and a drier paddock.
