Assessor Comments	Choice Angus Stud Feature offering in the Weaner & Yearling sale on Friday the 29th August preceding the Online Angus			

Bull sale at 12.30pm, 3 Outstanding lines of future breeders! This line of 24 is the lead draft. These heifers are beautiful females with a real easy doing softness about them. They have excellent maternal traits which is accustomed to the Choice Angus Female breeders, they show length and depth through the barrel. Choice Angus produce feminine females that are well balanced & carrying all the desired attributes you look for when selecting your future breeders - these girls tick every box! They present themselves to the market in very good condition. These magnificent young heifers ooze quality & would improve most commercial herds or alternatively options to secure stud heifers if desired (please see attachments for details on heifers that can be retained as stud females). These outstanding females come with my highest recommendation.
