Assessor Comments	A quality run of New England bred Angus heifers that are perfect to join to the bull of your choice in the upcoming breeding season. Vendor bred and some purchased from the renowned breeding area of Dorrigo and out of the Dorrigo weaner sale. These heifers carry great genetics including Glenavon and K.O Angus bloodlines. Heifers present in great condition and are soft easy doing types of females. Heifers are grass fed and antibiotic free which makes them suitable for finishing for a grass fed domestic market or backgrounding for the feeder trade. Good quality quite females that will make great future breeders. Please see another two lines of lighter younger heifers from same vendor in this same sale.
