Assessor Comments	30 - Vendor bred, good quality Angus heifers presenting in healthy forward store to fresh condition. Heifers are Not Station Mated, not having had a joining opportunity. The temperament of the heifers is a feature, handling the assessment process without issue, testament to their management practices. Please note: 2 heifers were noted to have a white udders. Sale of heifers presents an opportunity to secure a genuine line of good quality vendor bred Angus heifers, that would be suitable as replacement future breeding females or finish for Angus specific domestic or export markets.
