Assessor Comments	Here presents a very nice line of well bred predominately Shorthorn X Charolais weaners. These weaners are sired by Palgrove Charolais & Turanville Shorthorn bulls. Cattle display great bone & weight for age as they were all born over a six week calving period & tail of the drop removed. Weaners are 11-12 months of age and average 337.4kg at assessment. Cattle were yarded 17 hours before assessment took place to give a genuine curfew. No delivery adjustment will be given. Five steers weight under 300kg & two steers weigh over 400kg. Majority of the draft are 300kg-380kg. Please note one steer has a old pinkeye scar in one eye but is not deemed detrimental & cattle display signs of rubbing from lice.
