Assessor Comments	A great quality line of vendor bred Angus & Angus X Heifers. Heifers a loosing the winter coat have really gone forward in the past couple of weeks with favourable conditions. This the complete drop of heifers with a tail removed. Vendor runs a good program and has had no male cattle near the Heifers since weaning. Heifers in previous years have been retained to join as well as fatten for kill. Buyers please note Heifers had six ringworm scars at assessment with hair growing back through the old scarring. Also to be noted the same vendor will offer 84 Steers in the same sale.
