Assessor Comments	A tidy line of speckled park weaner steers, Showing plenty of frame and stretch with all the speckled park qualities. Well grown young cattle with excellent bone, depth & length. These steers show plenty of growth potential and will perform well on grass. Steers present strictly sound with the capacity to carry lots of weight and finish into heavy feeders or bullocks, while maintaining the softness and carcass quality the breed is renowned for. These steers are usually retained to grow out into kill bodies, Only being offered due to tighter season.
