The steers overall handled well through a good set of yards. They were quick to look for a gate but easily blocked. Generally most stood well on the scales with the odd steers eager to exit but settled back with the mob.

Assessor Comments	Offering 200 Angus cross feeder steers. These steers were all weighed to average 442kg live at assessment and have a range of 370kg to 520kg. The steers are all sired by Ardrossan Angus bulls and the majority are branded No.4 with a few No.3's sighted. The steers are nice line that are ready to go for a feedlot and will suit many markets with a fair portion of them suitable for an Angus premium. Please note at assessment 12 steers were noted with blight scarring on one eye. Also note that there are another 54 coloured feeder steers from the same vendor in the same sale.
