Assessor Comments	Buyers a excellent line of 104 HGP free PCAS eligible soft easy doing crossbred steers that show plenty of bone, length & frame. These steers are best described as large frame and in forward store condition, that will excel with weight gains in the feedlot or on improved pastures. These steers have a great performance record on feed with a very good feed conversion rate being a regular comment from lot feeders. Steers were all weighed and mouthed at assessment with 88 head milk teeth, 15 x 2 Teeth & 1 x 4 tooth which was only just breaking his 3rd tooth. Steers are being sold c/kg with delivery being pick up on farm weighed Quilpie Spell & Weigh over the weighbridge off trucks. An outstanding run of western bred steers that will perform onto heavy kill weights.
