	Good to handle easy doing steers. Cattle respect yards and handler when drafting and weighing a small percentage became slightly stirry when placed under pressure but settled instantly when let go out of crush back to mob. Good cattle to work with persons with prior stock knowledge.

Assessor Comments	76 Shorthorn & Shorthorn x Feeder Steers, originally purchased off the breeder from Hungerford, QLD as yearlings, steers have been running on a buffel plain since up until a month ago than placed onto an oats crop to top them up. Good quality, steers are sired by Futurity shorthorn bulls out of Weemabah cows. Steers are easy doing, good to handle cattle showing plenty of frame in forward condition ideal to take onto grain. Buyers note 3x steers with pink eye scarring. Buyers an excellent opportunity presents itself to secure a b-double load of cattle showing good stretch and frame with plenty of upside & compensatory gain to be had.
