Assessor Comments	A Great opportunity to secure a lot of very nice New England bred Hereford weaner heifers. These young females present in great condition and have grown out extremely well since there purchase in late march showing the great constitution from their breeding background. Heifers were weaned onto a mixed grain ration with hay out in a paddock scenario with grass and have really bloomed in the lats two months. With Spring just around the corner these heifers that have had a great start are the perfect article to continue on backgrounding for the feeder market or finish for the domestic trade. Heifers are showing all the attributes to grow into lovely females. Quality weaners not too be missed, please see another two lines of other yearling and weaner heifers for sale from this same vendor totaling 36 head.
