Assessor Comments	A good line of Angus weaner heifers, based on the well-regarded Eaglehawk bloodlines. The calves are sired by bulls from Eaglehawk & Kingston bloodlines, offering reliable and proven genetics. The heifers have been weaned and are settling in well. Some heifers are showing mild signs of lice with a bit of rubbing, which is manageable. One heifer have old pink eye scarring in one eye, though it does not affect their eyesight or performance in any way. These are ideal heifers to take home and breed from, grow out onto feeders, or fatten for future production. A sound, functional line ready to go ahead.
