| Assessor Comments  | A good line of crossbred steers — they were very easy to handle in the yards. They are out of very good-framed cows. Calves were put back with their mothers and will be weaned onto the truck. |                         |                                     |         |
