| Assessor Comments      | Buyers here is an excellent opportunity to purchase good quality feeder steers weighed into heavy export specs to average 448kg full at assessment. Bloodlines include Coffin Creek Angus from Mudgee NSW where the vendor likes to purchase bulls that have great growth while balancing carcass quality and temperament. The Black baldy steers are out of purchased cows, they are displaying plenty of bone and weight for age growth as well. These steers have plenty of timber and are ready to rock. |      |                 |                                     |
