Assessor Comments	Here presents a good mob of Angus feeder steers that are Tivoli, Hazeldean & Pine Creek Angus blood. These steers were good to handle during the assessment please note 3 steers got slightly worked up once insolated but settled once returned to the mob. Steers present in ideal condition to continue to feed on as they display lots of frame and are not in prime condition. Cattle have been grazing on an oaten crop and are really starting to get going. N.B. 6 steers display old pinkeye scarring in one eye but have vision out of it & 2 head have small warts on face. Some steers have rub marks from lice prior to treatment. steers were mouthed and 10 steers had 2 Teeth up at assessment.
