Assessor Comments	78 VGQ Vendor Bred PTE Santa Cross Heifers. Majority exhibit good bone, length, depth & frame for their breed & age. They are ideally suited to finish off for the Supermarket Trade or Heavy Export Markets. Vendor had originally retained these Heifers as replacements however they escaped after floods & are now outside program. They would make good breeders for producers that don't yearling join their Heifers. They have good feet & are good to handle through the yards. They were 100% weighed, mouthed & assessed after 12 hours off feed & 18 hours off water. There are 35 with Milk Teeth, 8 breaking Two Teeth & 35 with solid Two Teeth. Vendor has 62 PTIC Heifers in the Eastern States Sale. Tandara is Prickly Acacia free.
