Assessor Comments

Offering 120 Angus and Angus Cross weaner steers that averaged 252kg live at assessment. These steers were weaned three days prior to assessment and present as a nice line. The steers are all sired by Ardrossan Angus bulls that have done a great job on their progeny. The steers are weaned and ready to go, to put away as backgrounders and grow out into heavy feeders. Please note 5 steers were noted with blight scarring. Also note there are another 5 decks of weaner steers in the sale from the same property.
