Steers are currently receiving full weaning program and are expected to respond very quickly given the opportunity. Steers show very good growth for age. The Kenny family herd is based on leading genetics from Harriet Valley Braford bred females and have spared no expense purchasing leading genetics from Woonallee Simmentals. Buyers, 50 steers that will excel in the heavy feeder program or grass fed bullock job, worth your consideration. NOTE - STEERS WILL BE OFFERED CLEAR OF TICKS AT NO FURTHER EXPENSE TO THE BUYER.
