	Heifers flowed well through the race and crush, showed normal weaning tendencies in the backyard/crush. Heifers were exceptionally good to handle considering only very recently coming off their mothers and a truck trip.

Assessor Comments	Buyers, on offer, 42 very well bred Braford, Simmental, and Charbray infused weaners. Heifers are currently receiving full weaning program and are expected to respond very quickly given the opportunity. Heifers show very good growth for age. The Kenny family herd is based on leading genetics from Harriet Valley Braford bred females and have spared no expense purchasing leading genetics from Woonallee Simmentals. Buyers, 42 heifers that will excel in the heavy feeder heifers program or replacement breeder, worth your consideration. NOTE - HEIFERS WILL BE OFFERED CLEAR OF TICKS AT NO FURTHER EXPENSE TO THE BUYER. NOTE - VENDOR ALSO HAS 50 STEERS IN THE SAME AUCTION THIS FRIDAY THE 22/08/25.
