Assessor Comments	A very good line of EU-accredited weaned heifers. They are by Clunie Range and Texas genetics, with vendors selecting bulls for high growth, fertility and IMF — qualities that are clearly evident in the progeny. These heifers are very quiet, well-educated, and would be ideal to take home and join to a bull of your choice, carry on to feeders, or finish for kill. Please note: 2 heifers show a small patch of white behind the navel, and 2 heifers have old pink eye scarring in one eye (not affecting eyesight)and a few heifers are showing signs of rubbing Their sisters are also featured in the same sale.
