| Assessor Comments                     | A tidy line of young Angus cross cows, all pregnancy tested in calf to a well-bred Yamba Angus bull. These cows have each raised a calf last season and are proven breeders. They're in forward store condition, sound and healthy, and ready to head home and calve down again. With good frame, temperament, and plenty of life ahead of them, they represent a solid opportunity to strengthen or expand a breeding herd. All the hard work's been done—take them home and let them do the rest . |
