			Slightly Stirry: 1 head			
	Very quiet cattle a pleasure to handle move through the yards well. These cattle are well handled and flow through yards with ease.					
Handled With	Bikes , On foot , Vehicles					
Notable Traits	Traits					
	2 Head Eye scarring					
Assessor Comments	A dispersal line of Angus cows that have and will continue to produce award winning Wagyu/Angus cattle. These cows have produced award winning progeny at the recent Wagyu awards, refer to photos. They have been preg tested in calf to calve from the 20/2/26 until the 13/3/26. These cattle will respond very well to feed and would be easy to maintain until calving early next year with all the hard work done. These cows are very quiet and are a pleasure to handle and would be a welcome addition to any herd, whether that be to continue producing Wagyu/Angus cattle or into an Angus program. A full animal health program is in place with all treatments and vets calving dates attached to the assesment. Please note vendor has 4 other lots of PTIC young Angus cows these cows are a dispersal of the F1 producing cattle as vendor is moving into a full wagyu operation.					
Assessor	Anthony Mulraney (Level 3 Accredited) Phone: 0401 832 625
