Assessor Comments	A neat 21x21line of Angus/Shorthorn Cross young Cows & Calves. These cows are extremely quiet and would suit buyer that is looking for A1 temperament. They are probably best described as docile in the bigger yards and in paddock. They have been hand fed a number of times. Majority of cows on 5th Calf now with 5 x head 3-4th Calvers and 2 on 2nd Calf. Cows are best described as store condition putting 100% into the calves that averaged 100kg. Calves are sired by Hazledean Bull. Improving season will see this cows pickup quickly. They were weighed prior to calving and averaged 622kg live. Cows are very good crossbred cattle and will perform and produce a heavy weaner, they are made up of Angus/Santa and Shorthorn Cross. Please refer to video for best breed makeup and to see how quiet the cows are. These cows have plenty of life left and would suit and crossbred breeding herd. Cows have not been rejoined
