Assessor Comments	Buyers on offer is an ideal line of store cows and calves with cows offering plenty of compensatory weight gain to purchaser. Cows that are putting a lot into there calves at foot with an excellent opportunity to wean calves and sell for a quick turnover. These cows were given the opportunity with the Angus bull with fresh calves at foot, as a result 26 of these joined up and are now PTIC to commence calving in September. An excellent opportunity for the purchaser to acquire a neat line of cows and calves with a large percentage being on the point of calving. These cows were going to be kept and retained as breeders however due to a change in direction are now being offered for sale. Please contact with any questions.
