Assessor Comments	Buyers, here is a great opportunity to purchase genuine first calve Angus heifers & calves. These heifers present in good store condition showing good frame with length and depth. Cows have nice spring of rib with bone and softness. Heifers show nice breed type with volume and femininity. Heifers are doing a fantastic job on calves averaging 168 kg. Cows have been running back with Angus bulls from the 3rd of July 2025. They are exceptionally quiet to handle through yards and where a please to work through the crush. 3 cows have old blue eye scarring with 1 cow only seeing 70% out of that eye. 3 calves had old blue eye scarring but not deemed detrimental. This is a great line of cows that would suit anyone's front paddock. Odd cow has white on udder.
