Assessor Comments	Once again a very good draft of young Table Top Red Angus Females & Calves with an opportunity for the prospective buyer to jump ahead in years overnight with there breeding operation by purchasing top end stud quality genetics with females that have a list of pedigrees a mile long. Tim & Jess have taken great pride for many years now breeding top tier cattle and these are no exception with not only a tonne of breeding but also extremely quiet that even the most inexperienced stockman could handle. These females were to be retained in the commercial side of the herd however due to ongoing dry seasonal conditions it has become a real chance for someone to secure these magnificent females that don't arise everyday. These females are only 2 years of age and are medium to large frame in genuine store condition. They have plenty of milk with very sappy & fresh young poddies at foot sired by TeMania Sibly with an IMF of 7.9. These cattle are definitely not too be missed!
